**STRENGTHS OF THIS YEAR'S TEAM:** With Exeter-Milligan and Friend entering the second year of the track and field cooperative, there are a lot fewer unknowns for coaches and athletes. We have a well-rounded team with the ability to score in most events.  
**HOLES TO FILL FROM LAST YEAR:** We graduated a solid group of seniors who were consistent scorers for us. Our returners and newcomers will need to step into these scoring roles.  
With the boys making the state basketball tournament we may start the season a little slower. However, by the end of the season, I feel that we will be performing near our peak.  
**TEAMS TO WATCH IN CONFERENCE/DISTRICT:** Our conferences and the district meet will be strong again this season.

**STRENGTHS OF THIS YEAR'S TEAM:** Having a year under our belt in the Exeter-Milligan and Friend cooperative is making this year’s early season practice much smoother. We have a good core of returners, with a group of freshmen who complement our team really well. The coaches have been pleased with our early season practices.  
**HOLES TO FILL FROM LAST YEAR:** We will miss the points that Savana Krupicka provided each meet. However, I feel that we have a group of girls that can help fill the void.  
**TEAMS TO WATCH IN CONFERENCE/DISTRICT:** We have good competition in our conferences and our district will be competitive as well.
